

Test strip

Test blood glucose

Remove a test strip from the spill-resistant container. Close the cap tightly.

Insert the metallic end of the test strip into the meter.

Touch the **yellow edge** of the test strip to the blood drop.

The test result appears on the display in less than 4 seconds.

Connect the Accu-Chek Guide meter to the mySugr app

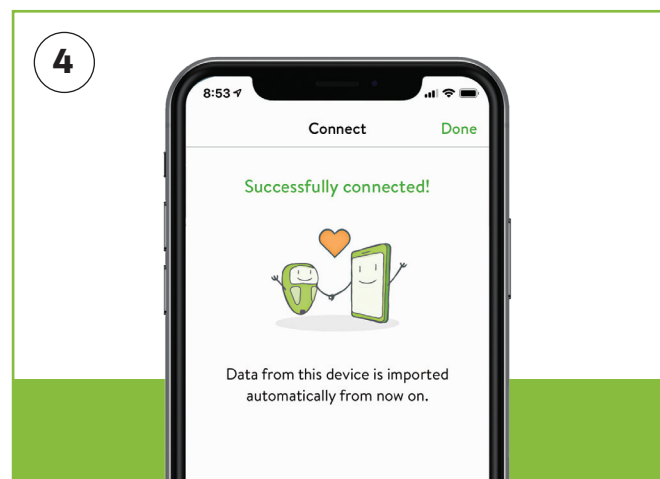

Using your smartphone, **download the mySugr app** from the App Store or Google Play and **create your mySugr account**.

Turn on Bluetooth® on your smartphone (if it's not on already).

Open the mySugr app, and select **Connections** on the menu. Select **Accu-Chek Guide**, and then **Connect now**. Follow the step-by-step directions for pairing.

After your meter is successfully connected to the mySugr app, **data from your meter is imported** automatically. Now you can easily keep your diabetes data under control!

Download the mySugr app
to set up your account

Add comment

1. After performing a blood glucose test, press **OK** to add a comment, if desired.

2. The Add Comment menu appears. Press **▼** to highlight the desired comment. Press **OK** to select.

View your logbook

1. From Main Menu press **▼** to highlight "My Data." Press **OK**.

2. Press **OK** again to select Logbook.
3. To view details about a result, highlight the result and press **OK**.

View target range percentage

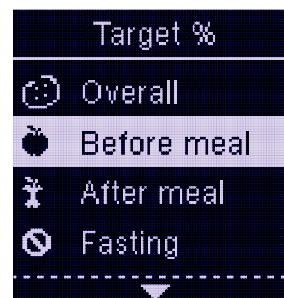

Note: Target Ranges must be set in meter to review Target % results.

1. From Main Menu press **▼** to highlight My Data. Press **OK**.

2. Press **OK** again to select "Target %."

3. To view details, highlight desired category and press **OK**. Then select a time period.

4. View your results.
